microtech[™]

MADE FOR
you.

*At MicroTech™, we believe that
to hear better is to live better.*

Kinnect™ 2 hearing aids, now available
in our smallest Made for iPhone® style,
help you stay connected to the people
and things you love most.

Kinnect 2 is MicroTech's most advanced
technology with supreme sound quality
and premium features, customizable
to fit your unique hearing needs and
enhance your listening experiences.

kinnect2

MADE FOR *staying connected.*

Our latest Made for iPhone hearing aids and our easy-to-use TruLink Hearing Control app

are engineered to work specifically with your iPhone, iPad®, iPod touch® and Apple Watch®. Together, Kinnect 2 and TruLink® deliver the most personalized hearing experience ever, and are designed to:

- Deliver pristine audio and exceptional listening clarity
- Help you better understand conversations and hear comfortably in any noisy environment
- Stream phone calls, music and more, directly from your iPhone to your hearing aids
- Eliminate buzzing and whistling

MADE FOR *better* connections.

Kinnect 2 intuitively connects to your iPhone, iPad and iPod touch via Bluetooth technology and MicroTech's easy-to-use TruLink app.

TruLink offers additional features designed to enhance anywhere you go — so you can easily enjoy everything you do.

Personalized Control

Personalized Control in the TruLink app lets you make adjustments to SoundSpace and Noise Manager to suit your preferences in different listening environments.

Phone Calls

Answer your calls with the touch of a button and hear an entire conversation streaming directly to your Kinnect 2 hearing aids via Bluetooth® technology.

Remote Control

Using the remote control feature in the TruLink app, you can change volume and switch memories on your hearing aids right from your iPhone.

TruLink Memories

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag memories using the built-in GPS on your iPhone. A geotagged memory will recognize where you are and automatically adjust your Kinnect 2 hearing aids when you enter that space. For instance, a geotagged "coffee shop" memory will automatically activate when you walk into your favorite coffee shop.

Auto Experience Manager

Automatically adjusts your Kinnect 2 hearing aids' loudness over time to help you transition to your new hearing experience in the most comfortable way possible.

Pristine Audio Streaming

Kinnect 2 hearing aids provide direct streaming of phone calls, music and media from your iPhone — so you can enjoy clear communication and pristine audio streaming any time, anywhere, for impressive, immersive sound.

Apple Watch Compatible

Use the TruLink app for Apple Watch to control volume, change memories and mute your hearing aids right from your wrist.

TruLink Hearing Control app for Apple Watch provides you with even more ways to easily control and personalize your hearing experience.

Live Microphone

Simply set your iPhone nearby, turn on the microphone feature and stream conversations directly to your Kinnect 2 hearing aids. You may also record, play back and email audio as it happens or save recordings to listen to later.

Siri Integration

You can have Siri® read texts and emails directly to your Kinnect 2 hearing aids.

Find My Hearing Aids

Easily locate lost hearing aids using the Find My Hearing Aids feature, with both a location and a timestamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your Kinnect 2 hearing aids.

Real-time Notifications

Notifications for phone calls, texts, emails or other apps can be streamed directly to your Kinnect 2 hearing aids.

TruLink Adaptive Car Mode

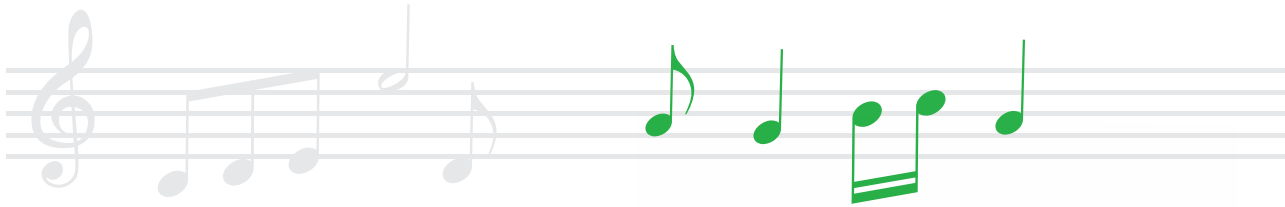

With TruLink's Adaptive Car Mode, Kinnect 2 hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your overall driving experience.

MADE FOR *music lovers.*

“Life seems to go on without effort when I am filled with music.”

- George Eliot

Tastes in music may be unique, but the power of music is universally understood.

Thanks to the processing power in Kinnect 2 hearing aids, you can enjoy your favorite music in a whole new way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for the way you want to hear music – automatically and in your control.

MADE TO DELIVER

the very best.

You want

Kinnect 2 delivers

*To hear comfortably in
challenging environments*

Acuity™ Directionality, designed to improve speech audibility in difficult listening situations along with **Speech Shift**.

*Enhanced phone
communication*

Direct streaming of phone calls from your iPhone to your hearing aids enable to clear and comfortable conversations.

*Hearing that
happens intuitively*

Geotagged memories that automatically switch modes when the GPS feature in your iPhone detects you are in a tagged location. For example, a “home” memory activates when you arrive at home.

*Hearing that’s
personalized for you*

Personalized Control in the **TruLink** app that lets you make adjustments to **SoundSpace** and **Noise Manager** to suit your preferences in different listening environments.

No buzzing or whistling

MicroTech’s best-in-class feedback cancellation system providing feedback-free, comfortable listening all-day long.

*Durable, dependable
hearing aids*

Surface™ NanoShield, our pioneering water, wax and moisture repellant system, to protect and ensure durability and dependability.

*Music the way it was
meant to be heard*

A whole new way to experience music — adjustable via the TruLink app. Now you can hear every note the way the artist intended — with pure, refined sound quality.

Customizable tinnitus relief

Advanced **Multiflex Tinnitus Technology**, adjustable via the TruLink app, to bring relief to those who suffer from ringing in the ears.

Features may vary by technology level.

MADE FOR *everywhere* YOU ARE.

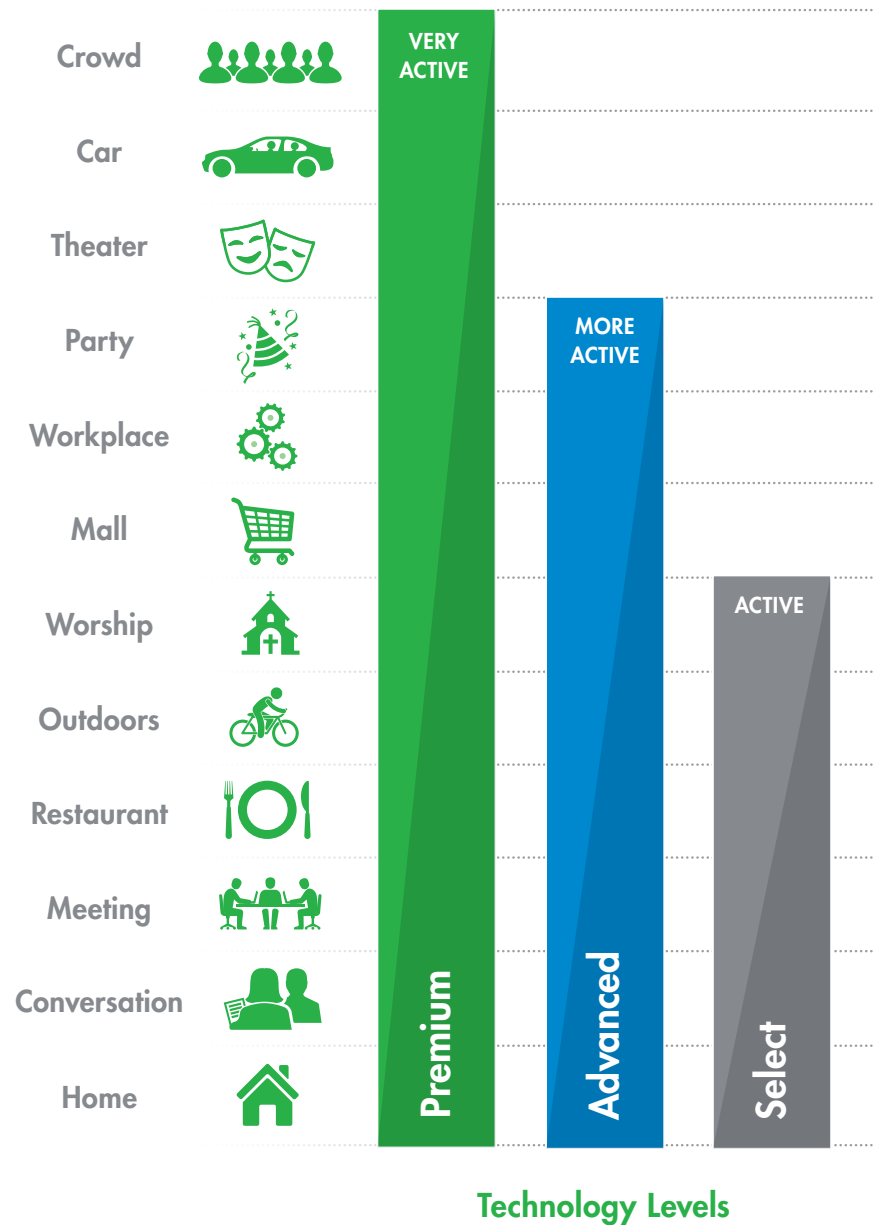

From the beginning, our hearing solutions have enabled people to hear better in challenging environments – and live a better life.

With Kinnect 2 hearing solutions from MicroTech, you'll begin to hear all the subtleties of life: the inflection in the voice of a spouse or the nuances in the notes of a favorite song. Whether it's one-on-one or in the most crowded places, you'll hear the world around you.

What you need will depend on how busy and active you are, and what types of environments you frequent.

Made so
the world
may hear

*Our Founder and CEO,
William F. Austin, has
always held a strong
belief that the gift of
better hearing results
in a fuller and richer life.*

We prove our dedication to this philosophy daily, through our support of Starkey Hearing Foundation.

The gift of hearing opens up new worlds of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible. Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

Made to help millions.

100+
COUNTRIES

**MORE THAN
1 MILLION
PEOPLE IN NEED
SERVED**

**COUNTLESS
LIVES CHANGED**

Spread hope from ear to ear. To learn more or give the gift of hearing, visit StarkeyHearingFoundation.org.

MADE FOR A *happy, healthy life.*

Hearing loss isn't just an ear issue,
it's a quality of life and health issue.

It can occur for natural reasons,
but other causes might surprise you.

Older adults*

with impaired hearing may have a **shorter lifespan** than their peers without hearing problems.¹

*70 years and older

People* with a hearing loss experience a **30-40% faster decline in cognitive abilities** compared to peers without hearing loss.²

*75 years and older

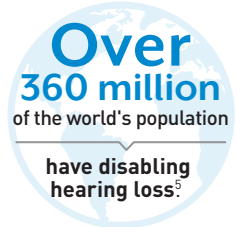

People with low-frequency hearing loss are considered **at risk** for cardiovascular events.³

Kinnect 2 hearing aids are made so people with hearing loss won't have to miss a single sound that brings them joy. They are made knowing people who hear better, live better.

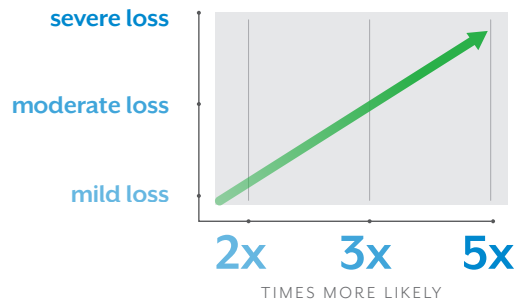

Adults* with untreated hearing loss

were more likely to report depression, anxiety and paranoia than peers who wore hearing aids.⁴

*50 years and older

Adults with untreated hearing loss are more likely to develop dementia.⁶

There is a significant association between **high blood pressure and untreated hearing loss.**⁷

People with mild hearing loss are **3x more likely** to have a history of falling.⁸

90-95%

of people with hearing loss can be treated with hearing aids.⁹

Simply put, Kinnect 2 hearing aids are made for life.

Kinnect 2 and TruLink are compatible with iPhone 7 Plus, iPhone 7, iPhone 7SE, iPhone 6s Plus, iPhone 6s, iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPad Pro, iPad Air 2, iPad Air, iPad (4th generation), iPad mini 4, iPad mini 3, iPad mini with Retina display, iPad mini, iPod touch (5th generation) and Apple Watch. Use of Apple Watch requires iPhone 5 or later. "Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, iPad or Apple Watch may affect wireless performance. Apple, the Apple logo, iPhone, iPad, iPod touch, FaceTime, Apple Watch and App Store are trademarks of Apple Inc., registered in the U.S. and other countries.
