BETTER HEARING HEALTH AND WELLNESS

start here

People today are recognizing that the most important ingredient for a happy and fulfilling life is good health. Your health can have a far-reaching impact on quality of life, family, and financial security.

Hearing loss can occur for a number of reasons. Some causes can be natural and others would surprise you. As people age, they may begin to lose their hearing as a result of the natural aging process. One of the most common causes of hearing loss is exposure to loud noises.

There are also medical reasons for hearing loss like viruses, bacteria, heart conditions or stroke, head injuries, tumors, and certain medicines. New studies have revealed some surprising causes as well, like diabetes or hypertension. **At MircoTech™, we believe to hear better is to live better.**

It's important to take an empowered, proactive approach to health during every stage of your life - let it begin with your hearing health.

WELCOME TO THE NEXT GENERATION OF

*wireless hearing
technology*

We've relentlessly pursued the latest in wireless technologies to create **Thrive**, MicroTech's newest full family of wireless products featuring next generation **900 MHz technology** that leads the way in performance, comfort, personalization and connectivity.

Thrive wireless hearing aids are designed to:

- ✓ Help you hear and understand conversations better in noisy environments like restaurants
- ✓ Make loud sounds more comfortable while boosting soft sounds
- ✓ Stream TV, phone calls and more, directly to your Thrive hearing aids

Better hearing health and
wellness made possible

thrive[™]

*MicroTech - America's Premier
Hearing Solution Provider*

When it comes to comfortable, great
sounding and personalized solutions for
their hearing needs, people everywhere
ask for MicroTech – an American owned
and operated manufacturer of advanced
hearing solutions.

HEAR *better* *stream* BETTER

Thrive offers features you'll appreciate as you participate in an active lifestyle.

And Thrive tackles hearing in the most challenging and noisy environments by addressing noise and prioritizing speech, making conversations a more pleasant experience.

*Thrive. The perfect solution
for people who want to live
their life the way they want.*

At the heart of Thrive is the new 900sync™ Technology. It's wireless designed for today. This groundbreaking technology provides consistent performance in challenging environments like noisy restaurants, parties or outdoors. You can expect improved coordination between ears and a more natural 3D-like sound.

Stream and connect in the most challenging environments with **900sync Technology.**

CAREFREE CONNECTIVITY

SurfLink® Mobile 2 is a hands-free cell phone transmitter, assistive listening device, media streamer, and hearing aid remote all rolled into one. When paired with Thrive, it's everything you'll need to talk on the phone, enjoy TV, music and so much more. You'll get clear and consistent wireless streaming any time, anywhere.

SurfLink Media is a set-and-forget media streaming solution that connects to TVs, MP3 players and more to wirelessly stream audio directly to your hearing aids when you're in range.

SurfLink Remote lets you adjust and control your wireless hearing aids with the push of a button.

HEAR *better* *work* BETTER

YOU WANT

To hear comfortably in
challenging environments

Improved high-frequency hearing

To easily adapt to new sounds

A comfortable, personalized
listening experience

No buzzing or whistling

Durable, dependable hearing aids

Customizable tinnitus relief

Better wireless streaming

SOCIALIZE *better* feel BETTER

THRIVE DELIVERS

Aura Directionality, designed to improve speech audibility in difficult listening situations along with **Speech Sense**.

Technology that replicates high-frequency sounds like women's and children's voices into lower frequencies so they're easier to understand.

MicroTech's new feature speeds your transition to new hearing aids by gradually adjusting settings to allow your hearing aids to learn new sounds.

Sound comfort technology designed to provide distortion-free listening comfort for loud sounds while ensuring ultimate clarity for soft sounds.

MicroTech's best-in-class **feedback cancellation system** providing feedback-free, comfortable listening all day long.

HydraShield®2 our pioneering water and wax repellent moisture protection system to ensure durability and dependability.

Advanced **Multiflex Tinnitus Technology** integrated into Thrive to bring relief to those who suffer from ringing in the ears.

Groundbreaking technology that provides consistent wireless performance in noisy restaurants, parties or sporting events utilizing **SurfLink Mobile 2** and other **SurfLink** accessories.

Features may vary by hearing aid style or technology level.

WHAT'S RIGHT *for you?*

Thrive hearing aids are designed to enhance your hearing experience in a variety of listening environments. What you need depends on your lifestyle and how active you are.

thriveTM

SO THE WORLD *may hear*

Our founder and CEO, Bill Austin, has always held a strong belief that the gift of better hearing results in a fuller and better life.

We prove our dedication to this philosophy daily, through our support of **Starkey Hearing Foundation**.

Starkey Hearing Foundation travels the globe delivering the gift of hearing to thousands of people each year who would otherwise live in the isolation of a silent world. The Foundation provides more than 100,000 hearing aids annually to children and adults through our global hearing missions and the daily efforts of the domestic Hear Now program.

The Foundation uses hearing as a vehicle to change lives around the world.

The gift of hearing opens up a whole new world of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible.

Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

.....

*For every MicroTech hearing aid purchased, we help someone in need. Starkey Hearing Foundation has provided more than **1 million** hearing aids to people in need worldwide and is committed to providing **1 million** more this decade.*
