SOUNDS GOOD

ReSound Veal helps you understand conversations, even in noisy places like restaurants or family gatherings. You can take part in what's going on around you with confidence. And you'll never have to put up with your hearing aids whistling – even when you give someone a hug or pick up the phone.

IS SIMPLE

ReSound Veal is easy to use. You can control the volume and the settings yourself, so they're always just right for you. ReSound Veal is comfortable to wear and simple to handle. Not to mention durable and long lasting because an iSolate™ nanotech coating protects it from humidity.
