# Finally, a hearing aid designed for real conversations

Every conversation is a powerful tool to connect, engage, and bring us closer to realizing our potential. Real conversations do not stand still – they are vibrant, unpredictable, and full of surprises.

Signia Integrated Xperience is built from the ground up with conversation in mind. It is powered by revolutionary technology that helps you get involved and keep up with the conversation, no matter how busy it gets.

Contribute to the conversation with ease, and never miss a beat. With Signia Integrated Xperience, you are not just part of the conversation. You are at its heart.

# The science of being part of the conversation

With RealTime Conversation Enhancement, your hearing aids can now enhance and follow multiple conversation partners simultaneously, even as they move or you turn your head. Available in our Pure Charge&Go IX models, this technology works in three stages:

**Analyze:** Evaluates 192,000 data points every second to build a picture of your listening situation and to understand your environment and conversation needs.

**Augment:** Boosts the voices of all the people you are talking to, helping you hear them clearly while keeping you immersed in your surroundings.

**Adapt:** Updates 1,000 times a second to your conversation environment allowing it to seamlessly adjust in real-time as the conversation moves and shifts, ensuring you are always part of the action.

## Pure Charge&Go IX

### Signia Signature Benefits (available in Pure Charge&Go IX)

- Processes speech separately from the surrounding sounds for comfort and clarity
- Own Voice Processing 2.0 to make your voice sound more natural
- Get help when you need it, where you need it with Signia Assistant real-time adjustments directly in the Signia app

## Silk Charge&Go IX

The confidence you get from being able to hear conversations clearly makes it easy to feel more involved. And that feeling grows when your hearing aid is practically invisible and can be fitted in an instant.

Comfortable and discreet, this tiny hearing aid provides the convenience of on-the-go rechargeability. It is packed with advanced sound features to support you in any environment including its unique Binaural OneMic Directionality, which offers unmatched conversation support in noisy environments for a hearing aid of its size.

- Rechargeable with up to 28 hours of battery life
- Ultra-discreet, instant fit
- The only one-mic hearing aid to enhance speech in noise
- Portable charger with 4 days of additional charges

### Available Faceplate Colors:

Black

Mocha

## About Signia

Signia is one of the leading hearing aid brands in the world. Our goal is to enhance human performance through iconic innovations that shape the prescription audio category. We refuse to accept hearing loss as a limitation. It's not about correcting a loss, it's about gaining an edge. Not just performing, performing brilliantly. Not just hearing again, but hearing better than ever. Hearing every word, beat, and breath. With Signia, you can Be Brilliant.
