Hearing Is Our Concern™

EVERYTHING YOU WANT IN A HEARING AID. AND MORE.

This is X Series, Starkey's product line of traditional and digital hearing aids. Sleek and modern outside, loaded with our innovative technology inside, X Series delivers the benefits you want and expect from the best.

Want to hear better in noise? X Series can help. Featuring Voice iQ², our noise reduction and speech preservation system, X Series is specifically designed to improve speech understanding in noisy environments and make listening easier no matter where you are.

Want a hearing aid that no one else can see? X Series delivers — from SoundLens[™], the world's first custom, invisible* and completely digital hearing aid, to Xino[™], one that hides virtually undetectable behind your ear.

Whether you're shopping for your first hearing aid, or are looking to upgrade to newer and better technology, X marks the solution that's right for you — X Series by Starkey.

BENEFITS

- Virtually eliminates buzzing and whistling
- Designed to maintain speech understanding in noisy environments and reduce listening effort**
- Enhances Voice iQ² by pinpointing sounds you want to hear and minimizing those you don't
- Can detect when you're on the phone and adjust settings for optimal listening
- Automatically adjusts to the preset music and TV listening settings most comfortable for you
- Lets you adjust memory modes or volume via any touch-tone phone
- Makes your hearing aids resistant to water, wax, sweat, oil and corrosion
- Replicates hard-to-hear high frequency sounds in lower frequencies, designed to enhance and expand audibility
- Gradually and automatically learns your volume control preferences for less manual adjustments
- Automatic voice and tone indicators tell you the status of your hearing aid and your hearing aid battery

Features may vary by hearing aid style or technology level
